

# It's your Cathedral!

St. James Cathedral was dedicated on December 22, 1907. That means we're turning 100 YEARS OLD this year! Cathedrals are more than towers and domes, stained glass and statues. Cathedrals are built of "living stones" — of people and their stories. You are a part of what makes St. James Cathedral what it is. What's your Cathedral story? Hopefully the questions below will get you started in thinking and writing. *Please feel free to write or type on a separate sheet of paper if you wish. Or e-mail [mlaughlin@stjames-cathedral.org](mailto:mlaughlin@stjames-cathedral.org) if you prefer. Your story will become a permanent part of the Cathedral archives. It may be used on the website and in other Centennial publications as well. Thank you for sharing!*
